

# Family Online Safety Contract

1. My parents and I will decide on a common schedule for using the internet.
2. I will never tell anyone that I'm all alone at home and I shall not give out my personal information such as address, phone no or even my name to any acquaintance I meet via online.
3. If anybody disturbs me, or harasses me or hurts me via online, I shall make sure that I inform my parents immediately
4. I will make sure that I'll not send any images of my friends or family while using chat rooms.
5. I shall not meet up with strangers and if I do I'll make sure that I do it with my parent's concern.
6. I shall share my passwords and login names only with my parents.
7. If I want to download any games, movies, music or any kind of software, I shall ask for permission. I know the risks involved if it may be from an unauthorized provider of these services.
8. I shall not be attracted or tempted by the pop-ups which can easily be a source for hackers and crackers.
9. I will not open any of my parent's files because it may be confidential. I will not change any settings or install any new software without my parent's approval.
10. I understand my parents will look at our computer to keep a track of my actions on the World Wide Web and I shall accept it with respect as it is for my well-being and care.
